SUCCESS MARKS END OF BIG CONVENTION

Thirty of the leading business men attended luncheon last night at the Y. M. C. A., which marked the close of the two-day convention held here. Colonel Coggin, president of the association, presided. The guests of honor were E. von Knecht, president of the University of Arizona; Dwight B. Heard, and the visiting secretaries from Arizona and New Mexico, Gale Seaton, international boys' secretary, gave the main address of the evening, "The Y. M. C. A. as a Co-Operative Agency." He told of its work among the churches, the Mexican border and the European war. The Y. M. C. A. and the Red Cross are the only two agencies that have the right to go into any of the European trenches.

AUTO REPAIR WORK PRICES ARE RAISED

Despite the 1912 pledge of the democratic platform that the Wilson administration would keep down the high cost of living, no joy is brought to the hearts of Phoenix automobile owners in the decision made last evening by Proprietors of the principal garages in the city to raise the price of mechanical labor on all cars needing repair work.

This has all been brought about, declare the garage men, by the steady rise in the cost of living and the fact that mechanics can obtain more money in other cities than here.

The cost of labor on cars at present has been from 75 cents to 85 cents per hour. This will be advanced to 85 cents and \$1 per hour.

It is absolutely necessary, point out garage men, to make the raise to keep good automobile mechanics in this city. According to a statement made by the secretary of the newly formed Garage Men's Protective Association last evening, the raise was only made after it was discovered that it would be impossible to keep competent men here without giving them an advance in wages.

PUP IS FOUND—A male Collie pup about two months old, was found yesterday. The owner will find it at 123 North Ninth avenue.

LEAVE FOR EAST—Hal C. Prince and Robert H. Emery left last evening for the east in connection with a mining deal.

LICENSED TO WED—Guy P. Loomis and Pauline Bemis, both of Mount Park, New Mexico, were granted a marriage license yesterday.

Speeder Fined—A. C. Butler was fined \$10 in Justice Parker's court yesterday for too much speed. Butler was riding his motorcycle at a rate faster than the law allows.

CASE APPEALED—The case of Enrique Burdugo versus the Arizona Copper company was appealed from the superior court of Greenlee county yesterday by the copper company, to the supreme court of the state. The case is a personal injury suit instituted by Burdugo for \$50,000. He received \$7,000.

HIGH COST OF SHAVING—It was announced yesterday that all the downtown barber shops would on and after November 6, charge ten cents additional for shaving necks. Whenever his faced shaving, the barber will get his neck trimmed gratis, but in the case of a hair cut, the extra charge will be applied.

LUTHERAN SERVICES—Rev. Immanuel P. Frey of the Zion Evangelical Lutheran church has announced that church will be held tomorrow as usual. It had been announced that Rev. Frey would be absent from the city, but owing to a change of plans he will remain in the city. He will be absent the following Sunday. The reformation festival will be held next Sunday, the subject of the sermon will be "Why Lutheranism Stands For."

DIVORCE GRANTED—Clara M. Christensen was granted a divorce yesterday from Alfred Christensen in Judge Stanford's division of the superior court. The court denied the decree two weeks ago but additional evidence was introduced at the later hearing showing that the husband threatened his wife with a gun. Christensen is a member of the local national guard and is doing duty on the border.

SOCIALIST SPEAKING TONIGHT—The final campaign meeting for this county will be held by the socialist party this evening at the Y. M. C. A. Stadium at 7 o'clock at which time the party's candidate for governor, Peter F. Robertson, of Yuma, will deliver the principal address. Other speakers will be W. S. Bradford, of Phoenix, candidate for United States senator, and J. R. Barnett, of Chandler, candidate for representative in congress. Mr. Robertson has just completed a tour of the northern cities and will spend the remaining days before election covering southern points.

CHRISTIAN SCIENCE LECTURE
William R. Rathvon, C. S. B., a member of the board of lecturership of The Mother Church, the First Church of Christ, Scientist, of Boston will deliver a free lecture on Christian Science at the Columbia theater next Tuesday evening, October 24th. Mr. Rathvon's home is in Denver, and he speaks here under the auspices of First Church of Christ, Scientist, of this city, which extends a hearty invitation to all to attend.

MEXICAN LABORER SUES FOR DAMAGES

J. Garnett Holmes, well known rancher, is named as the defendant in a \$10,000 personal injury suit filed in the superior court yesterday. The plaintiff, Florencio Martinez, alleges he was seriously injured while in the employ of Holmes through no fault of his own.

The accident occurred last June. According to the complaint, Martinez was on a hay rack piled high with wire and fence material, when the horses driven by a careless teamster ran away. Martinez was thrown from the wagon, and severely injured.

PUNCH BOARDS FALL FOR ANCIENT GAME

Every little gamble has a method all its own, but occasionally there is an old trick that can be worked in a new way.

J. O. Phelps is alleged to have worked the old Louisiana lottery game on the punch board, with the result that a trip to Superior Thursday netted him a goodly amount of watches, guns and other articles of no great value.

The punch board artist is said to have taken a punch or two, given the prize numbers the once over and retired to his room, where he did some tall manipulating. He would later return to the punch board, take a shot and do a slight-of-hand with the number he punched and pull the winner out of his sleeve.

"I win," and away he'd go with a neat bunch of stock.

Breaking the bank was too slow a game for Phelps, it is alleged, and anyway he wanted some ready cash. He drew a few checks for small amounts. Myers & Leiber, Arizona Cigar Store and the Phoenix Amusement company were selected as the goats. The amusement company backed and a complaint sworn to by Joe Rickards led to the arrest of Phelps yesterday by officers McGrath and Strathy of the police force. Phelps is said to have registered at a local hotel under the name of J. J. Sargent.

ARRIVED FROM KENTUCKY—Dunbar Norman, of Mayfield, Kentucky, arrived in the city last evening. Mr. Norman is now staying at the Ford with Mr. J. D. Harris, with whom he expects to join his business here.

QUEEN CREEK SURVEY—County Engineer Harold Bargman announced yesterday that the survey of Queen Creek would be begun at an early date and the report made as soon as possible to the board of supervisors and reclamation service that the relief work might be underway before the rainy season.

Representatives of the Queen Creek and Chandler districts recently petitioned both the supervisors and the reclamation service for flood protection and the first step toward this was to be accomplished in the survey which will be held under the personal direction of the county engineer.

TAIL LIGHT MIGHT HAVE BEEN ON BUT IT IS A QUESTION

From the back of the car it looked as if the tail light was out. From the front of the car it looked as if the tail light was on.

And it was on again and off again, according to the witnesses in Justice Parker's court yesterday who testified in the case of Andrew J. Karlson versus C. E. Pettigall.

On the night of September 2, the Karlson automobile was standing on the right hand side facing north on Central avenue, when a car driven by Pettigall ran into it, damaging it to the extent of \$175, according to Karlson. In a counter action Pettigall charges that his machine was damaged \$180 through no fault of his own, but because the Karlson car had no tail light.

It was a case of it did and it didn't from start to finish, and witnesses on both sides were equally positive. Justice Parker has taken the matter under advisement until Monday.

'PRIVATE' OWNERSHIP CAUSE OF DISPUTES

In view of the fact that a recent ruling of the state corporation commission is important to all public service corporations in the state a rehearing has been granted upon petition of Attorney Bullard, representing the Pacific Gas & Electric Company.

of the Yuma Electric Light Company have taken over the plant and it is understood they are planning to rebuild it.

At the rehearing, all of the various legal points in the matter will be discussed for the purpose of arriving at some definite decision upon which to rule in similar cases, should they arise.

REXALL MEN TO TAKE NATION STRAW VOTE

The results of the November election and the name of the next president of the United States may be published in The Republican even before the polls open. This announcement has just been made by the National Association of Rexall Druggists whose members, numbering over 8,000, are taking what is undoubtedly the largest and most carefully planned straw vote ever made in this country.

Due to the large number of doubtful states and the large number of uncertainties, much attention is being given in this campaign to "straw" votes and the results of this one will be awaited with interest. Locally, the vote is being "cast" at the Owl Drug company, whose manager, Andrew H. Miller, is a member of the big association referred to. This straw vote is the largest ever taken and the first to be handled by the commercial organization covering the entire country, and as the 8,000 members operate stores in cities and towns of all sizes in every state, the vote which it is expected will total over 2,500,000 ballots, the result should be a very good indication of the real results.

The stores are all sending in their daily votes, and the final results will be given out from Boston the day before election, and will appear in Phoenix exclusively in The Republican.
